(c) *Sessions.* The Commission may meet and exercise all its powers at any place, and may, by one or more of its members, or by such examiners as it may designate, prosecute any inquiry necessary to its duties in any part of the United States.

Sessions of the Commission for hearings will be held as ordered by the Commission.

Sessions of the Commission for the purpose of making orders and for transaction of other business, unless otherwise ordered, will be held at the principal office of the Commission at Pennsylvania Avenue at Sixth Street, Washington, D. C., on each business day at 10 a. m.

(d) *Quorum.* A majority of the members of the Commission shall constitute a quorum for the transaction of business.

(e) *Public information.* All requests, whether for information or otherwise, and submittals shall be addressed to the principal office of the Commission.

§ 2.2 *The Secretary.* The Secretary is the executive officer of the Commission and shall have the legal custody of its seal, papers, records and property; and all orders of the Commission shall be signed by the Secretary or such other person as may be authorized by the Commission.

§ 2.3 *Hearings on investigations.* Hearings on investigations other than those arising from formal complaints issued by the Commission may be referred to a Commissioner or other designated

representative of the Commission for conducting conferences or hearings on submitted subjects, giving timely and reasonable notice of time and place thereof, and making such reports thereon as the Commission may direct.

Every person compelled to submit data or evidence shall be entitled to retain or, on payment of lawfully prescribed costs, procure a copy or transcript thereof, except that in a non-public investigatory proceeding the witness may for good cause be limited to inspection of the official transcript of his testimony.

§ 2.4 Applications for complaint. Any person, partnership, corporation, or association may apply to the Commission to institute a proceeding in respect to any violation of law over which the Commission has jurisdiction.

Such application for complaint shall be in writing, signed by or in behalf of the applicant, and shall contain a short and simple statement of the facts constituting the alleged violation of law and the name and address of the applicant and of the party complained of.

§ 2.5 Complaints. Whenever the Commission shall have reason to believe that there is a violation of law over which the Commission has jurisdiction, and, in case of violation of the Federal Trade Commission Act, if it shall appear to the Commission that a proceeding by it in respect thereof would be to the interest of the public, the Commission shall issue and serve upon the party complained of a complaint stating its charges and containing a notice of a hearing upon a day and at the place therein fixed, at least thirty (30) days after the service of said complaint.

§ 2.6 Service. Complaints, orders, and other processes of the Commission, and briefs in support of the complaint, will be served by the secretary of the Commission by registered mail, except when service by other method shall be specifically ordered by the Commission, by registering and mailing a copy thereof addressed to the person, partnership, or corporation to be served at his or its principal office or place of business. When proceeding under the Federal Trade Commission Act service may also be made at the residence of the person, partnership, or corporation to be served.

When service is not accomplished by registered mail, complaints, orders, or other processes of the Commission, and briefs in support of the complaint, may be served by anyone duly authorized by the Commission, or by any examiner of the Commission:

(a) By delivering a copy of the document to the person to be served, or to a member of the partnership to be served, or to the president, secretary, or other executive officer or a director of the corporation to be served; or

(b) By leaving a copy thereof at the principal office or place of business of such person, partnership, or corporation. When proceeding under the Federal Trade Commission Act service may also be made at the residence of the person, partnership, or corporation to be served.

The return post-office receipt for said complaint, order, or other process or

brief registered and mailed as aforesaid, or the verified return by the person serving such complaint, order, or other process or brief, setting forth the manner of said service, shall be proof of the service of the document.

§ 2.7 Appearance. Any individual or member of a partnership which is a party to any proceeding before the Commission may appear for himself or such partnership upon adequate identification, and a corporation or association may be represented by a bona fide officer of such corporation or association upon a showing of adequate authorization therefor.

A party may also appear by an attorney at law possessing the requisite qualifications, as hereinafter set forth, to practice before the Commission.

Attorneys at law who are admitted to practice before the Supreme Court of the United States, or the highest court of any State or Territory of the United States, or the United States Court of Appeals for the District of Columbia, or the District Court of the United States for the District of Columbia, may practice before the Commission.

No register of attorneys who may practice before the Commission is maintained. No application for admission to practice before the Commission is required. A written notice of appearance on behalf of a specific party or parties in the particular proceeding should be submitted by attorneys desiring to appear for such specific party or parties, which notice shall contain a statement that the attorney is eligible under the provisions of this section. Any attorney practicing before the Commission or desiring so to practice may, for good cause shown, be disbarred or suspended from practicing before the Commission, but only after he has been afforded an opportunity to be heard in the matter.

No former officer, examiner, attorney, clerk, or other former employee of this Commission shall appear as attorney or counsel for or represent any party in any proceeding resulting from any investigation, the files of which came to the personal attention of such former officer, examiner, attorney, clerk, or other former employee during the term of his service or employment with the Commission.

§ 2.8 Answers. In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Ten (10) copies of answers shall be furnished. The original of all answers shall be signed in ink, by the respondent or by his attorney at law. Corporations or associations shall file answer through a bona fide officer or by an attorney at law. Answers shall show the office and postoffice address of the signer.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with § 2.24.

§ 2.9 Intervention. So far as the responsible conduct of public business shall permit, any interested person, after leave granted, may appear before the Commission, or its delegated responsible officer, for the presentation, adjustment, or determination of any issue, request, or controversy in any proceeding or in connection with any function of the Commission.

Any person, partnership, corporation, or association desiring to intervene in a contested proceeding shall make application in writing, setting out the grounds on which he or it claims to be interested.

The Commission may, by order, permit intervention by counsel or in person to such extent and upon such terms as it shall deem proper.

§ 2.10 Motions. Motions before the Commission or the trial examiner shall state briefly the purpose thereof and all supporting affidavits, records, and other papers, except such as have been previously filed, shall be filed with such motions and clearly referred to therein.

Motions in any proceeding before a trial examiner which relate to the introduction or striking of evidence, or with respect to procedure during the course of hearings, shall be made to the trial examiner and shall be ruled on by him.

Exception to any such ruling must be noted before the trial examiner in order to be urged before the Commission. All other motions in any proceeding before a trial examiner, except as otherwise provided in this part shall be addressed to and shall be ruled upon by the Commission.

Ten (10) copies of the motion, the original signed in ink, shall be filed, one copy of which shall be retained by or furnished to the trial examiner.

Prompt notice shall be given of the granting or denial, in whole or in part, of any written application; petition, or other request of any interested person made in connection with any formal pro-

ceeding. Except in affirming a prior denial or where the denial is self-explanatory, such notice shall be accompanied by a simple statement of grounds.

§ 2.11 *Continuances and extensions of time.* Except as otherwise expressly provided by law, the Commission, for cause shown, may extend any time limits prescribed for filing any papers, and may continue or adjourn any hearing. A hearing before a trial examiner shall begin at the time and place ordered by the Commission, but thereafter may be adjourned from time to time by the trial examiner or the Commission.

Applications for continuances and extensions of time should be made prior to the expiration of time prescribed by this part.

§ 2.12 *Documents—(a) Filing.* All documents required to be filed with the Commission in any proceeding shall be filed with the Secretary of the Commission.

(b) *Title.* Documents shall clearly show the docket number and title of the proceeding.

(c) *Copies.* Documents, other than correspondence, shall be filed in triplicate, except as otherwise specifically required by this part.

(d) *Form.* Documents not printed shall be typewritten, on one side of paper only; letter size, eight (8) inches by ten and one-half (10½) inches, left margin, one and one-half (1½) inches; right margin, one (1) inch.

Documents may be printed, in ten (10) or twelve (12) point type, on good, unglazed paper, of the dimensions and with the margins above specified.

Documents shall be bound at left side only.

The originals of all answers, briefs, motions, and other documents shall be signed in ink, by the respondent or his duly authorized attorney. Where the respondent is an individual or a partnership, the originals of said documents shall be signed by said individual or by one of the partners, or by his or its attorney. Where the respondent is a corporation, the originals of said documents shall be signed under the corporate name by a duly authorized official of such corporation, or by its attorney. Where the respondent is an association, the originals of said documents shall be signed under the association name for said association by a duly authorized official of such association, or by its attorney.

One copy of a brief or other document required to be printed may be signed as the original.

§ 2.13 *Admission as to facts and documents.* At any time after answer has been filed counsel or parties in any controversy may serve upon the opposing side a written request for the admission of the genuineness and authenticity of any relevant documents described in and exhibited with the request or the admission of the truth of any relevant matters of fact set forth in such documents.

Copies of the documents shall be delivered with the request unless copies have already been furnished. Each of the matters on which an admission is so requested shall be deemed admitted unless,

within a period designated within the request, not less than ten days after service thereof or within such further time as the Commission or the trial examiner may allow on motion and notice, the party so served serves upon the party making the request, a sworn statement either denying specifically the matters of which an admission is requested, or setting forth in detail the reasons why he can neither truthfully admit nor deny those matters. Service required hereunder may be made upon a respondent either by registering and mailing or by delivering a copy of the documents to be served to the respondent or his attorney, or by leaving a copy at the principal office or place of business of either. Service upon the attorney supporting the complaint may be either by registering and mailing or by delivering a copy of the documents to be served to such attorney.

§ 2.14 *Trial examiners.* When evidence is to be taken in a proceeding upon complaint issued by the Commission, a trial examiner may be designated for that purpose by the Commission.

Trial examiners shall have the authority, subject to the published rules of the Commission and within its powers as follows:

(a) To administer oaths and affirmations.

(b) To rule upon offers of proof and receive relevant evidence.

(c) To regulate the course of the hearings.

(d) To hold conferences, before or during the trial, for the settlement or simplification of issues, by consent of the parties.

(e) To dispose of procedural requests or similar matters.

(f) Within his discretion or upon the direction of the Commission to certify any question to the Commission for its consideration and disposition.

(g) To submit to the Commission his recommended findings, conclusions and form of order in accordance with § 2.22.

(h) To take any other action consistent with law and the rules of the Commission.

Trial examiners shall perform no duties inconsistent with their duties and responsibilities as such. Save to the extent required for the disposition of ex parte matters as authorized by law, no trial examiner shall consult any person or party as to any fact in issue unless upon notice and opportunity for all parties to participate.

Trial examiners shall not be responsible to, or subject to the supervision or direction of any officer, employee, or agent engaged in the performance of investigative or prosecuting functions for the Commission.

The trial examiner is charged with the duty of conducting a fair and impartial hearing and of maintaining order in form and manner consistent with the dignity of the Commission. He will note on the record any disregard by counsel of his rulings on matters of order and procedure and where he deems it necessary shall make special written report thereof to the Commission. In the event that counsel supporting the complaint or

counsel for any respondent shall be guilty of disrespectful, disorderly, or contumacious language or conduct in connection with any hearing, the trial examiner may suspend the proceeding and submit to the Commission his report thereon, together with his recommendations as to whether any rule should be issued to show cause why such counsel should not be suspended or disbarred pursuant to § 2.7 or subjected to other appropriate action in respect thereto. A copy of such trial examiner's report shall be furnished to any counsel upon whose language or conduct such report is made, and the Commission will take disciplinary action only after an opportunity for hearing has been accorded such counsel.

§ 2.15 *Hearings in formal proceedings.* All hearings pursuant to formal complaint shall be public unless otherwise ordered by the Commission, and such hearings shall be subject to the following conditions and requirements:

(a) Every party respondent shall have the right of due notice, cross examination, presentation of evidence, objection, exception, motion, argument, appeal and all other fundamental rights.

(b) The taking of evidence and subsequent proceedings shall proceed with all reasonable diligence and with the least practicable delay.

(c) Not less than five (5) days notice of the time and place of any indefinitely postponed hearing shall be given to counsel of record or to parties, but in appointing such hearings due regard shall be had for the convenience and necessity of all parties or their representatives.

(d) The trial examiner may withdraw from a case when he deems himself disqualified, or he may be withdrawn by the Commission after timely affidavits alleging personal bias or other disqualification have been filed and the matter has been heard by the Commission or by a trial examiner whom it has delegated to investigate and report.

(e) Hearings shall be stenographically reported by the official reporter of the Commission under supervision of the presiding trial examiner. A transcript of said report shall be a part of the record and the sole official transcript of the proceeding. Transcripts will be supplied to respondents and to the public by the official reporter at rates not to exceed the maximum rates fixed by contract between the Commission and the reporter.

(f) All matters officially noticed by the presiding trial examiner shall appear on the record.

(g) Changes in the official transcript may be made only when they involve errors affecting substance and then only in the manner herein provided. No physical changes shall be made in or upon the official record or copies thereof in the custody of the Commission. Lists of changes agreed to in writing by opposing counsel may be incorporated into the record, if any when approved by the trial examiner, at the close of evidence in support of the complaint, or at the final hearing before the trial examiner, or at any time thereafter before he files his report, and at no other times. If any

changes are ordered by the trial examiner without such written agreement between opposing counsel they shall be subject to objection in the same manner as provided under §§ 2.20 and 2.24.

§ 2.16 Subpoenas. Subpoenas requiring the attendance of witnesses from any place in the United States, at any designated place of hearing, may be issued by any member of the Commission. Application therefor may be made either to the Secretary or to the presiding trial examiner.

Subpoenas for the production of documentary evidence will be issued only upon application in writing to the Commission. The application must specify, as exactly as possible, the documents desired, and show their competency, relevancy, and materiality. An application by a respondent shall be verified by oath or affirmation.

§ 2.17 Witnesses. Witnesses shall be examined orally, except that for good and exceptional cause for departing from the general rule the Commission may permit their testimony to be taken by deposition.

Witnesses summoned by the Commission shall be paid the same fees and mileage as are paid witnesses in the courts of the United States.

Witnesses whose depositions are taken, and the persons taking such depositions, shall severally be entitled to the same fees as are paid for like services in the courts of the United States.

Witness fees and mileage, and fees for depositions, shall be paid by the party at whose instance witnesses appear.

§ 2.18 Evidence—(a) In general. Counsel supporting the complaint shall have the general burden of proof and the proponents of any factual proposition shall be required to sustain the burden of proof with reference thereto. All findings, conclusions and recommendations by trial examiners shall be based on the greater weight of the evidence. (The Commission also bases its findings and decisions on the greater weight of the evidence.) The trial examiner, subject to appeal to the Commission as provided in § 2.20, shall admit relevant, material and competent evidence, but shall exclude irrelevant, immaterial and unduly repetitious evidence. No order shall be recommended except upon consideration of the whole record, and except as it may be supported by and in accordance with reliable, competent and substantial evidence.

(b) Documentary. Where relevant and material matter offered in evidence is embraced in a document containing other matter not material or relevant and not intended to be put in evidence, such immaterial or irrelevant parts shall be excluded, and shall be segregated insofar as practicable.

(c) Official notice of facts. Where any recommended order of the trial examiner or any decision of the Commission, or part thereof, rests upon the taking of official notice of a material fact not appearing in the evidence in the record, any party shall, on timely motion, be afforded an opportunity to show the contrary.

(d) Objections. Objections to the evidence before a trial examiner, a Commissioner or the Commission shall be in short form, stating the grounds of objections relied upon, and the transcript shall not include argument or debate thereon except as ordered by the trial examiner, a Commissioner or the Commission. Rulings on such objections shall be a part of the transcript. An objection not urged or argued in the brief will be deemed to have been abandoned.

§ 2.19 Depositions. The Commission may order evidence to be taken by deposition in any proceeding or investigation pending at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Commission and having power to administer oaths.

Unless notice be waived, no deposition shall be taken except after at least five (5) days' notice to the parties within the United States, and fifteen (15) days' notice when deposition is to be taken elsewhere.

Any party desiring to take the deposition of a witness shall make application in writing, setting out the reasons why such deposition should be taken, and stating the time when, the place where, and the name and post-office address of the person before whom it is desired the deposition be taken, the name and post-office address of the witness, and the subject matter or matters concerning which the witness is expected to testify. If good cause be shown, the Commission will make and serve upon the parties, or their attorneys, an order wherein the Commission shall name the witness whose deposition is to be taken and specify the time when, the place where, and the person before whom the witness is to testify, but such time and place, and the person before whom the deposition is to be taken, so specified in the Commission's order, may or may not be the same as those named in said application to the Commission.

The testimony of the witness shall be reduced to writing by the officer before whom the deposition is taken, or under his direction, after which the deposition shall be subscribed by the witness and certified in usual form by the officer. After the deposition has been so certified, it shall, together with three additional copies thereof made by such officer or under his direction, be forwarded by such officer under seal in an envelope addressed to the Commission at its office in Washington, D. C. Such deposition, unless otherwise ordered by the Commission for good cause shown, shall be filed in the record in said proceeding and a copy thereof supplied to the party upon whose application said deposition was taken, or his attorney.

Depositions shall be typewritten, on one side of paper only; letter size, eight (8) inches by ten and one-half (10½) inches; left margin, one and one-half (1½) inches; right margin, one (1) inch. Depositions shall be bound at left side only.

§ 2.20 Appeals to the Commission from rulings of trial examiners. Parties shall not have the right to prosecute

appeals from rulings of trial examiners during the course of hearings unless it be shown that the prompt decision of such appeal is necessary to prevent undue expenditure of time and expense in the event the examiner's ruling were later reversed, or for similar good cause. In all other situations appeals may be taken to the Commission only as follows:

At the close of the taking of the evidence in any proceeding any party may notify the trial examiner that he will move the Commission to reverse or modify one or more of the trial examiner's rulings to which timely exception has been taken. In such event the hearings for the reception of evidence in any such case shall not be deemed to have been concluded until, either the reception of further evidence under direction of the Commission shall have been completed, or the Commission shall have communicated its decision that no further evidence shall be taken. If any party shall elect to make such motion or motions, the same shall be filed within ten (10) days after the transcript of the entire record shall be filed. In such motions each exception shall be separately set out, with exact citations to each portion of the record involved and references to the principal authorities relied upon. Any matters not thus laid before the Commission shall be deemed waived.

§ 2.21 Arguments before trial examiners and counsel's suggestions for findings and orders. When, in the opinion of the trial examiner presiding in any proceeding upon complaint issued by the Commission, the size of the transcript or the complication or importance of the issues involved warrants, he may, either of his own motion or at the request of a party, announce at or before the close of the taking of testimony that he requests the presentation of oral argument at a time stated.

Whether oral argument be heard by the trial examiner or not, the parties within such time not exceeding fifteen (15) days after the closing of the taking of the evidence, as may be fixed by the trial examiner, shall if they desire, present statements in writing to the trial examiner setting forth, in concise outline, such forms of proposed findings and conclusions and, if desired, the reasons therefor, and such proposed forms of order as they may deem requisite in view of the facts, the law and the public interest.

Neither waivers of the right to submit said statements nor the election to file them shall change the time prescribed in § 2.22 for the filing of report by the trial examiner. A copy of any such statement of proposed findings, conclusions and order shall be furnished to all other parties by each party submitting the same, shall be certified to the Commission by the trial examiner, and shall be included in the record certified to the Commission.

§ 2.22 Trial examiner's report. The trial examiner, as soon as practicable and not later than thirty (30) days after receipt by him of the complete stenographic transcript of all testimony and all exhibits in the proceeding, shall make

and file his report, consisting of his report upon the facts, conclusions of fact, conclusions of law, and his recommended order. All such reports shall be advisory only as the Commission reserves to itself the decision in all cases brought before it.

Except where he shall have become unavailable to the Commission, the said report shall be made by the trial examiner who presided at the hearing.

No officer, employee or agent, engaged in the performance of investigative or prosecuting functions for the Commission in any case shall, in that or a factually related case, participate or advise as to the findings, conclusions or order to be recommended by the trial examiner, except as a witness or as counsel in public proceedings.

The trial examiners' reports shall become a part of the record.

The trial examiner shall recommend only such findings as he shall deem supported by the weight of the evidence (including facts of which he may take official notice pursuant to § 2.18), and he shall recommend no finding which is not supported by relevant, reliable and probative evidence.

A copy of the trial examiner's report shall be served upon each party, legal counsel or other representative who has appeared pursuant to § 2.7.

§ 2.23 Exceptions. Any party may, within ten (10) days after receipt of a copy of the trial examiner's report, file his exceptions thereto. Exceptions to the trial examiner's recommended findings as to the facts and to his recommended conclusions of fact shall specify the particular statements or parts thereof to which exception is taken; shall designate, by specific references, the portions of the record relied upon in support of such exceptions; shall set out specific findings and conclusions of fact proposed in lieu thereof and may propose findings and conclusions of fact additional to those recommended by the trial examiner. Exceptions to the trial examiner's recommended conclusions of law shall be specific, shall briefly cite the statutory provisions or the principal authorities relied upon, shall set forth conclusions suggested in lieu thereof and may propose additional conclusions. Exceptions both to recommended findings and recommended conclusions may if desired include the reasons therefor. Exceptions to the trial examiner's recommended form of order shall specify the portions thereof excepted to and set forth a form of order suggested in lieu of that recommended by the trial examiner.

Ten (10) copies of the exceptions, signed, in ink, shall be filed.

A copy of such exceptions shall forthwith be served upon each of the other attorneys and respondents who were served with a copy of the trial examiner's report.

If exceptions are to be argued, they shall be argued at the time of final argument upon the merits.

§ 2.24 Briefs and oral arguments before the Commission.—(a) *Questions for presentation.* Questions which may be considered and decided by the Commission and presented include the following:

(1) Whether the findings and conclusions of fact recommended by the trial examiner are relevant to the issue and are supported by substantial probative evidence and by a preponderance of evidence.

(2) Whether additional findings, not recommended by the trial examiner, should be made either with or without sending the case back to the trial examiner for the reception of further evidence.

(3) Whether the trial examiner was justified in having taken official notice of any fact under § 2.18 and whether the Commission should take official notice of any other fact.

(4) Whether due process was observed and whether parties are estopped from urging any irregularity in procedure.

(5) Whether the facts show a violation of law and of the public interest lawfully amenable to redress by the Commission and what conclusions of law are justified and requisite in the premises; and

(6) Whether an order to cease and desist, an order of dismissal, or other order, should be entered and issued, and the substance and form thereof.

(b) *Briefs.*—(1) *Filing.* Any party to a proceeding may file a brief with the Secretary of the Commission, in support of his contentions, within the time limits fixed by this part.

Briefs not filed on or before the time fixed in this part will be received only by special permission of the Commission.

Appearance of additional counsel in a case will not constitute grounds for extending time for filing briefs.

(2) *Time.* Opening brief shall be filed by the attorney supporting the complaint within twenty (20) days after service upon him of a copy of the report of the trial examiner.

Brief on behalf of respondent shall be filed within twenty (20) days after service upon respondent or respondent's attorney of copy of brief in support of the complaint.

Where respondent shall have filed an answer admitting all material allegations of fact, the time so limited shall begin to run at the time of filing such answer.

In the event permission is granted for filing reply brief in support of the complaint, it shall be filed within ten (10) days after filing of brief on behalf of respondent. No further reply brief on behalf of respondent shall be filed.

(3) *Number.* Twenty (20) copies of each brief shall be filed.

(4) *Contents.* Briefs, except the reply brief in support of the complaint, shall contain, in the following order:

(i) A concise abstract or statement of the case.

(ii) A brief of the argument, exhibiting a clear statement of the points of fact or law to be discussed, with references to the pages of the record and the authorities relied upon in support of each point.

(iii) The exceptions, if any, to the report of the trial examiner.

(5) *Index.* Briefs comprising more than ten (10) pages shall contain on their top fly leaves a subject index with page references. The subject index shall be supplemented by an alphabetical list

of all cases referred to, with references to pages where references are cited.

(6) *Form.* Briefs shall be printed, multigraphed, or otherwise neatly processed on good unglazed white paper in type not smaller than ten (10) point double leaded, citations and quotations single leaded; footnotes not less than eight (8) point single leaded. Type page shall not be more than twenty-nine (29) picas wide by approximately forty-eight (48) picas deep and trimmed page shall be seven (7) inches by ten (10) inches, with an inside margin of not less than one (1) inch.

(7) *Signing.* At least one copy of each brief shall be signed in ink, by the respondent or his duly authorized attorney, as prescribed in § 2.12.

(c) *Oral arguments.* Oral arguments before the Commission shall be had as ordered, on written application of the chief counsel of the Commission, or of the respondent, or of attorney for respondent, filed within fifteen (15) days after filing of brief on behalf of respondent.

Appearance of additional counsel in a case will not constitute grounds for enlarging time for oral argument.

Oral arguments before the Commission shall be reported stenographically unless otherwise ordered by the Commission.

§ 2.25 Reports showing compliance with orders and with stipulations. In every case where an order to cease and desist is issued by the Commission for the purpose of preventing violations of law and in every instance where the Commission approves and accepts a stipulation in which a party agrees to cease and desist from the unlawful methods, acts, or practices involved, the respondents named in such orders and the parties so stipulating shall file with the Commission, within sixty days of the service of such order and within sixty days of the approval of such stipulation, a report, in writing, setting forth in detail the manner and form in which they have complied with said order or with said stipulation; *Provided, however,* That if within the said sixty (60) day period respondent shall file petition for review in a circuit court of appeals, the time for filing report of compliance will begin to run de novo from the final judicial determination; *And provided further,* That where the order prevents the use of a false advertisement of a food, drug, device, or cosmetic, which may be injurious to health because of results from such use under the conditions prescribed in the advertisement, or under such conditions as are customary or usual, or if the use of such advertisement is with intent to defraud or mislead, an interim report stating whether and how respondents intend to comply shall be filed within ten days.

Within its sound discretion, the Commission may require any respondent upon whom such order has been served and any party entering into such stipulation, to file with the Commission, from time to time thereafter, further reports in writing, setting forth in detail the manner and form in which they are complying with said order or with said stipulation.

Reports of compliance shall be signed in ink by respondents or by the parties stipulating.

§ 2.26 Reopening proceedings. In any case where an order to cease and desist or an order dismissing a proceeding has been issued by the Commission, the Commission may (a) in the case of an order to cease and desist, at any time until the transcript of the record in the proceeding has been filed in a circuit court of appeals of the United States upon a petition for review or enforcement, or after the expiration of the statutory time for filing of a petition for review where no such petition has been filed, or (b) in the case of an order dismissing a proceeding at any time thereafter, give reasonable notice to all respondents and to all intervenors, if any, of a hearing as to whether the said proceeding should be reopened. If after said hearing the Commission shall have reason to believe that conditions of fact or of law have so changed since the said order was made as to require, or that the public interest requires, the reopening of such proceeding, the Commission will issue an order for the reopening of the same.

§ 2.27 Trade practice conference procedure—(a) Purpose. The trade practice conference procedure has for its purpose the establishment, by the Commission, of trade practice rules in the interest of industry and the purchasing public. This procedure affords opportunity for voluntary participation by industry groups or other interested parties in the formulation of rules to provide for elimination or prevention of unfair methods of competition, unfair or deceptive acts or practices and other illegal trade practices. They may also include provisions to foster and promote fair competitive conditions and to establish standards of ethical business practices in harmony with public policy. No provision or rule, however, may be approved by the Commission which sanctions a practice contrary to law or which may aid or abet a practice contrary to law.

(b) When authorized. Trade practice conference proceedings may be authorized by the Commission upon its own motion or upon application therefor whenever such proceedings appear to the Commission to be in the interest of the public. In authorizing proceedings, the Commission may consider whether such proceedings appear to have possibilities (1) of constructively advancing the best interests of industry on sound competitive principles in consonance with public policy, or (2) of bringing about more adequate or equitable observance of laws under which the Commission has jurisdiction, or (3) of otherwise protecting or advancing the public interest.

(c) Application. Application for a trade practice conference may be filed with the Commission by any interested person, party or group. Such application shall be in writing and be signed by the applicant or the duly authorized representative of the applicant or group desiring such conference. The following information, to the extent known to the applicant, shall be furnished with such application or in a supplement thereto:

(1) A brief description of the industry, trade, or subject to be treated.

(2) The kind and character of the products involved.

(3) The size or extent and the divisions of the industry or trade groups concerned.

(4) The estimated total annual volume of production or sales of the commodities involved.

(5) List of membership of the industry or trade groups concerned in the matter.

(6) A brief statement of the acts, practices, methods of competition or other trade practices desired to be considered, or drafts of suggested trade practice rules.

(d) Informal discussions with members of the Commission's staff. Any interested person or group may, upon request, be granted opportunity to confer in respect to any proposed trade practice conference with the Commission's trade practice conference division, either prior or subsequent to the filing of any such application. They may also submit any pertinent data or information which they desire to have considered. Such submission shall be made during such period of time as the Commission or its duly authorized official may designate.

(e) Industry conferences. Reasonable public notice of the time and place of any such authorized conference shall be issued by the Commission. A member of the Commission or of its staff shall have charge of the conference and shall conduct the conference pursuant to direction of the Commission and in such manner as will facilitate the proceeding and afford appropriate consideration of matters properly coming before the conference. A transcript of the conference proceedings shall be made, which, together with all rules, resolutions, modifications, amendments or other matters offered, shall be filed in the office of the Commission and submitted for its consideration.

(f) Public hearing on proposed rules. Before final approval by the Commission of rules for an industry, and upon such reasonable public notice as to the Commission seems appropriate, further opportunity shall be afforded by the Commission to all interested persons, corporations or other organizations, including consumers, to submit in writing relevant suggestions or objections and to appear and be heard at a designated time and place.

(g) Promulgation of rules. When trade practice rules shall have been finally approved and received by the Commission, they shall be promulgated by official order of the Commission and published, pursuant to law, in the FEDERAL REGISTER. Said rules shall become operative thirty (30) days from date of promulgation or at such other time as may be specified by the Commission. Copies of the final rules shall be made available at the office of the Commission. Under the procedure of Commission a copy of the trade practice rules as promulgated by the Commission is sent to each member of the industry whose name and address is available, together with an acceptance form providing opportunity to such member to signify his

intention to observe the rules in the conduct of his business.

(h) Violations. Complaints as to the use, by any person, corporation or other organization, of any act, practice or method inhibited by the rules may be made to the Commission by any person having information thereof. Such complaints, if warranted by the facts and the law, will receive the attention of the Commission in accordance with the law. In addition, the Commission may act upon its own motion in proceeding against the use of any act, practice or method contrary to law.

§ 2.28 Public information. The rules of practice of the Commission, and such amendments as may be made thereto, shall be published in the FEDERAL REGISTER and may be obtained from the Commission upon application.

The findings, conclusions of law, and final orders of the Commission in respective formal proceedings and a digest of accepted stipulations to desist from unlawful practices shall be published in the official reports of the Commission.

Trade practice conference rules for respective industries, issued under § 2.27 may be obtained upon application to the Commission and shall be published in the FEDERAL REGISTER.

Information concerning the activities of the Commission will be released from time to time under the direction or pursuant to the authority of the Commission.

In proceedings instituted by the issuance of formal complaint, the pleadings, transcript of testimony, exhibits, and all documents received in evidence or made a part of the record therein shall be available for inspection and copying by the public at the convenience of the Commission.

Documents, records, and reports made public by the Commission, including stipulations to cease and desist, certain trade practice conference records, and certain papers filed under the Wool Products Labeling Act, shall be available for inspection and copying at the convenience of the Commission.

The records and files of the Commission, and all documents, memoranda, correspondence, exhibits, and information of whatever nature, other than the documentary matters above described, coming into the possession or within the knowledge of the Commission or any of its officers or employees in the discharge of their official duties, are confidential, and none of such material or information may be disclosed, divulged, or produced for inspection or copying except under the following circumstances:

Upon good cause shown, the Commission may by order direct that certain records, files, papers, or information be disclosed to a particular applicant.

(a) Application by a member of the public for such disclosure shall be in writing, under oath, setting forth (1) the interest of the applicant in the subject matter; (2) a description of the specific information, files, documents, or other material inspection of which is requested; (3) whether copies are desired; and (4) the purpose for which the information or material, or copies, will be

used if the application is granted. Upon receipt of such an application the Commission will take such action thereupon as it shall deem expedient in the public interest.

(b) In the event that confidential material is desired for inspection, copying, or use by some agency of the Federal or a State Government, a request therefor may be made by the administrative head of such agency. Such request shall be in writing, and shall describe the information or material desired, its relevancy to the work and function of such agency and, if the production of documents or records or the taking of copies thereof is asked, the use which is intended to be made of them. The Commission will consider and act upon such requests, having due regard to the public interest and questions of expediency.

In cases in which an officer or employee of the Commission has been lawfully served with a subpoena duces tecum, material designated herein as confidential shall be produced only when and as authorized by the Commission. Service of such a subpoena shall immediately be reported to the Commission with a statement of all relevant facts. The Commission will thereupon enter such order or give such instructions as it shall deem advisable in the premises. If the officer or employee so served has not received instructions from the Commission prior to the return date of the subpoena, he shall appear in response thereto and respectfully decline to produce the documents or records subpoenaed (pointing out that he is not permitted to do so under this rule), and request a continuance pending action by or instructions from the Commission. If, notwithstanding, the court or other body orders the production of any of the material subpoenaed, the officer or employee shall immediately report the facts to the Commission.

Promulgated as of this date in pursuance of the action of the Federal Trade Commission under date of May 22, 1946, effective July 1, 1946.

By direction of the Commission.

OTIS B. JOHNSON,
Secretary.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-941]

MILTON SEELIG

Milton Seelig of 3300 Netherland Avenue, Riverdale, Bronx, New York, is a civil engineer and is engaged in build-

ing construction on his own account. On or after March 27, 1946, without authorization from National Housing Administration or the Civilian Production Administration, he began the construction of a family residence located at Netherland Avenue between 252d and 254th Streets, Riverdale, Bronx, New York, at an estimated cost of \$17,000, which amount exceeded the \$400 limit permitted by Veterans Housing Program Order No. 1. The beginning and carrying on of this construction without authorization constituted a violation of Veterans Housing Program Order No. 1.

This violation has diverted critical materials to uses not authorized by the Civilian Production Administration. In view of the foregoing facts, it is hereby ordered that:

§ 1010.941 *Suspension Order No. S-941.* (a) Neither Milton Seelig, his successors and assigns, nor any other person shall do any further construction on the premises located on Netherland Avenue between 252d and 254th Streets, Riverdale, Bronx, New York, including putting up, completing or altering the structure, unless hereafter specifically authorized in writing by the Civilian Production Administration.

(b) Nothing contained in this order shall be deemed to relieve Milton Seelig, his successors or assigns, from any restriction, prohibition or provision contained in any order of the Civilian Production Administration except insofar as the same may be consistent with the provisions hereof.

Issued this 24th day of June 1946.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-942]

CHOICE LIQUOR, INC.

Choice Liquor, Inc., is a corporation engaged in the sale and dispensing of liquor, with its present place of business at 3512 Westfield Avenue, Camden, New Jersey. Benjamin Asbell is the President and Rubin Ginsberg is the Secretary and Treasurer of the corporation. E. S. Phillips is a building contractor engaged principally in the construction of buildings in Camden, New Jersey and vicinity. On March 28, 1946, without authorization from the Civilian Production Administration, E. S. Phillips, on behalf of the Choice Liquor, Inc., began the construction of a cafe at the southeast corner of 36th Street and Westfield Avenue, Camden, New Jersey, at an estimated cost of \$30,000, which amount exceeded the limit permitted by Order Veterans' Housing Program Order No. 1 for such construction. The beginning and carrying on of this construction without authorization from the Civilian Production Administration constituted a violation of the Veterans' Housing Program Order No. 1.

This violation has diverted critical material to uses not authorized by the Civilian Production Administration. In view of the foregoing, it is hereby ordered that:

§ 1010.942 *Suspension Order No. S-942.*
(a) Neither Choice Liquor, Inc., Benjamin Asbell, Rubin Ginsberg, E. S. Phillips, their successors or assigns, nor any other person, shall do any construction on the premises located at the southeast corner of 36th Street and Westfield Avenue, Camden, New Jersey, including completing, putting up or the altering of any structure on the premises, unless hereafter specifically authorized in writing by the Civilian Production Administration.

(b) Nothing contained in this order shall be deemed to relieve Choice Liquor, Inc., Benjamin Asbell, Rubin Ginsberg, E. S. Phillips, their successors or assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

PART 944—REGULATIONS APPLICABLE TO
THE OPERATIONS OF THE PRIORITIES SYSTEM
[Priorities Reg. 28, as Amended June 25, 1946]

RESTRICTED PRIORITIES ASSISTANCE FOR NON-
MILITARY PURPOSES

§ 944.49 *Priorities Regulation 28—(a) Background and purpose of this regulation.* With the exception of certain areas of critical shortages, such as the housing and apparel fields, the increased supply of many materials resulting from reduction in military procurement is generally adequate to meet demands. It is the declared policy of the Civilian Production Administration to remove priority controls as quickly as possible. In view of this situation and policy, the issuance of preference ratings by the CPA will be restricted to a minimum. Outside the areas of critical shortages mentioned above, limited priorities assistance may be given for non-military purposes only in specific instances where the need is clearly demonstrated as necessary to assist reconversion or insure the continued fulfillment of essential civilian or export needs. This regulation describes the conditions under which CC ratings will be assigned in such cases, except for textile fabrics or yarns for use in the United States which are covered by Priorities Regulation 28A.

Paragraph (b) below lists other regulations and orders which explain the assignment and use of preference ratings for purposes not covered by this regulation. Paragraph (c) states how applications should be filed under this regulation for use in this country. Paragraph (d) gives the general rules governing the assignment of such ratings,

and paragraphs (e) through (h) cover the special situations where these ratings may be granted. Paragraph (i) explains how CC ratings are granted for export.

(b) *Other procedures for assigning ratings.* Priorities Regulation 1 explains in general the rating system, including the sequence of ratings and the purposes for which AAA and MM ratings are assigned. In addition, Priorities Regulation 28A, and certain orders in the M-317 and M-328 series, explain the assignment of CC ratings for certain textiles and related items, and Priorities Regulation 33 explains the assignment of HH ratings for housing.

(c) *How to apply for a CC rating.* Applications for a CC rating under this regulation for uses in the United States, its territories and possessions, should be made on Form CPA-541A addressed to the Civilian Production Administration, Washington 25, D. C., Ref: PR-28. Applications for textile yarns and fabrics covered by Priorities Regulation 28A should be made in accordance with that regulation, and applications for other textiles and related items for certain end uses should be made as explained in orders in the M-317 and M-328 series.

(d) *When the Civilian Production Administration will assign a CC rating under this regulation.* (1) When effective assistance of other kinds is not practicable (CPA may locate sources able to ship without ratings), CC ratings may be granted for specific items and quantities of materials in the limited classes of cases described in paragraphs (e) through (h) below, upon determination in each instance that all the following conditions are met:

- (i) The use of substitute and less scarce materials is not practicable;
- (ii) Reasonable efforts have been made to get the required item without a rating; and
- (iii) A rating is required to obtain the item by the latest date and in the minimum quantity practicable after taking into consideration material in inventory and material available without a rating.

(2) In the case of production materials and operating supplies, the CPA will not generally assign ratings for more than a 60-day supply of the item in question. This 60-day limitation does not preclude later applications.

(3) Preference ratings will not be assigned for the procurement of items which will be resold without change in form.

(4) The CPA will not grant a CC rating under this regulation where it would preempt an undue proportion of the limited amounts of material available. If the material is in such short supply that it is generally hard to obtain the CPA may provide other procedures rather than a rating under this regulation.

(5) CC ratings will be denied where it appears that the item for which the rating is requested is available under different terms of sale or from a supplier other than the applicant's customary one.

(6) In certain cases, the assignment of CC ratings is governed by or forbidden by other orders of CPA. Thus, no

CC ratings will be assigned for items on List A of Priorities Regulation 3, or for iron or steel during the effective period of Direction 13 to Priorities Regulation 1. However, CPA may in a few circumstances authorize the placing of a "certified order" for steel as explained in Direction 12 to Order M-21.

(7) Where it appears that a CC rating assigned under this regulation will have an undue impact on a single source of supply, the Civilian Production Administration may limit the amount of materials or equipment that may be ordered with the rating from a single source or ordered for delivery during one period of time.

(e) *Critical products.* The CPA may assign a CC rating as explained in Schedule I to this regulation to get material which is needed to sustain or increase production of an item or service listed on that Schedule which the CPA has determined to be in such tight supply that it is a serious threat to the economy.

(f) *Production materials, capital equipment and MRO.* Under the conditions stated in paragraph (d), the CPA may grant a CC rating to get production materials, capital equipment or maintenance, repair and operating supplies (MRO) in the following cases:

(1) The CPA may assign a CC rating to get a "bottleneck" item where a great majority of the materials or of the equipment needed is on hand or is obtainable without priorities assistance and it is demonstrated that failure to receive it in the quantity and on the date requested will prevent an entire plant from beginning, resuming or maintaining operations at the minimum economic rate. The "minimum economic rate" of operation means the rate of operation at which the plant as a whole must operate to avoid incurring a financial loss, without regard to any particular product if the plant makes more than one. If a plant is currently operating at less than capacity without incurring a financial loss, the minimum economic rate of operation will not be considered a higher rate than the current one, even though some of the plant's regular products are not currently being produced.

(2) Special consideration, not limited to bottleneck items, will be given to the needs of small business and to the business needs of World War II Veterans up to the minimum economic rate of operation. For this purpose "small business" generally means a business in which not more than 250 persons are actively employed. A veteran who wants to get farm machinery or equipment listed in War Food Order 135 of the Department of Agriculture for use on a farm should apply under that order for a veterans' preference certificate. No farmer should apply under this regulation for such farm machinery or equipment unless he qualifies under paragraph (h) (4) below.

NOTE: Subparagraph (3) formerly subparagraph (4), redesignated June 25, 1946. Former subparagraph (3) deleted June 25, 1946.

(3) CC ratings, however, will not be ordinarily assigned under this paragraph (f) for specialized machinery or equipment designed and made solely for the production of a critical product listed in Schedule I to this regulation. CC ratings for such machinery and equipment will be assigned only under the criteria stated in paragraph (h) below, as it is considered that such specialized machinery or equipment will be used to better advantage for maximum production of critical products if it is sold through normal channels of distribution to the greatest extent possible.

(g) *Construction.* Under the conditions stated in paragraph (d), the CPA may assign CC ratings to get construction material and equipment in the following cases:

(1) A bottleneck item which is needed to complete non-housing construction, and which is to be physically incorporated in the structure. CC ratings will not be assigned under this paragraph (g) (1) for any materials listed on Schedule A to Priorities Regulation 33.

(2) An item of material not listed on Schedule A to Priorities Regulation 33 which will be physically incorporated in a dwelling and is needed to make the dwelling habitable.

(3) A person applying for a CC rating to get construction materials or equipment must show on his application Form CPA-541A that approval for the project has been granted on Form CPA-4386 or CPA-4423, or that the construction is exempt under Veterans Housing Program Order No. 1.

(h) *Additional assistance in special cases.* Paragraphs (e) through (g) state the provisions under which CC ratings will be given in most situations with the special restrictions and considerations applicable to those situations. In addition, under the conditions in paragraph (d) but without regard to special conditions in paragraphs (e) through (g), the CPA may grant a CC rating under this regulation to get material in the following cases:

(1) The item is needed to prevent a delay in the completion on time of military procurement, production or construction; or

(2) The item is needed for incorporation into a product to be delivered on a CC or HH rating, and the item is not on hand or available on order; or

(3) The item is needed for use by the applicant to eliminate serious hazard to the life, health or safety of a large number of people, or to maintain or establish essential public or other community service; or

(4) The item is essential to replace one which has been destroyed by flood, fire, tornado or other act of God, and the item (i) is to be used on a farm, or (ii) is essential to the continued operation of a plant, facility or service at the minimum economic rate; or

(5) The item is essential to the continued operation of a plant, facility or service at the minimum economic rate

and is shown to fall in one of the following cases:

(i) It is needed in an emergency to replace equipment which has actually broken down and cannot be repaired; or

(ii) It is needed to replace equipment which is subject to recurring mechanical breakdowns and is out of service so frequently as to impede operations; or

(iii) It is needed to replace equipment which has been condemned as unsafe or illegal by public authority or insurance underwriters and which cannot be repaired and must be replaced under requirements of law or insurance contracts; or

(6) The item is needed as a repair part to prevent imminent breakdown of machinery or equipment; or

(7) Failure to obtain delivery of the item would result in exceptional community hardship or in unreasonable and exceptional hardship not suffered generally by others in the same industry or activity.

(8) The item is needed for emergency requirements for veterans educational facilities.

(9) The item is required to complete construction or equipment of a plant required for industrial food manufacturing, processing, packaging preservation and storage (except soft drinks, alcoholic beverages and chewing gum). CC ratings will ordinarily be granted for this purpose only where vital for famine relief, or processing or storage of this year's crops. Restaurants, hotels, retail stores and farms are not included in this category.

(i) *CC Ratings for export.*—(1) *General.* In the case of materials for export (other than certain textiles and related items referred to in paragraph (i) (2) below), applications from Canada should be filed with the Priorities Officer of Canada, and will be handled on the same basis as United States applications. In the case of other exports, upon demonstration that a rating is required, a CC rating may be assigned for procurement in this country of materials for export to prevent serious injury to the minimum essential civilian economies of friendly foreign nations; or to aid in the restoration, development and maintenance of foreign sources of supplies vitally needed in this country; or for other reasons of public policy. Applications for such ratings should be made to the Office of International Trade, Department of Commerce on the forms prescribed by that agency.

(2) *Certain textiles and related items.* For exports, including shipments to Canada, of cotton broad woven fabrics for which set-asides are provided in the distribution schedules of Order M-317A, seine twine, fish netting, and cotton yarn, CC ratings may be granted, on specific applications only, to the extent of the export programs fixed by the CPA. Applications for such ratings should be made to the Office of International Trade, Department of Commerce, on the forms prescribed by that Agency; except that for shipments to Canada, applications should be filed with the Cotton Administrator of the Wartime Prices

and Trade Board and will be acted on by the CPA.

PART 1369—METAL ORES

[RMFR 113, Amdt. 3]

IRON ORE PRODUCED IN MINNESOTA, WISCONSIN OR MICHIGAN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Article II is amended to read as follows:

ARTICLE II—MAXIMUM PRICES AND
ADJUSTMENTS

SEC. 7. *Maximum prices.* The maximum prices set forth herein may be charged for ore shipped on and after June 24, 1946, and for ore covered by adjustable pricing agreements authorized by Order No. 8 under Revised Maximum Price Regulation No. 113.

(a) *Standard ores.*—(1) *Mesabi non-Bessemer.* The maximum Lake Erie price for Mesabi non-Bessemer ore having an iron content, natural, of 51.50% shall be \$5.05 per gross ton delivered at Lower Lake ports.

(2) *Other standard ores.* The maximum Lake Erie prices per gross ton for standard ores, other than Mesabi non-Bessemer, having an iron content, natural of 51.50% and delivered at lower Lake ports shall be:

Mesabi Bessemer.....	\$5.20
Old range non-Bessemer.....	5.30
Old range Bessemer.....	5.45
High phosphorus.....	5.05

(3) The maximum prices established in this paragraph (a) shall be adjusted for variations in iron, phosphorus and silica content in accordance with the provisions of section 8.

(b) *Special ores.*—(1) *Manganiferous ore.* The maximum Lake Erie price per gross ton for manganiferous ore delivered at Lower Lake ports shall be the sum obtained by multiplying the combined natural iron and manganese analyses of such ore by the single Old Range non-Bessemer unit value of \$0.10291 and

adding thereto \$0.15 for each unit of natural manganese in excess of 5%.

(2) *Siliceous ore.* The maximum price for siliceous ore shall be \$3.20 per gross ton delivered at Lower Lake ports. Adjustments for low phosphorus content shall be made in accordance with section 8 (b).

(3) *Lump ore.* The maximum Lake Erie price for lump ore having an iron content, natural, of 51.50% shall be \$5.30, plus \$0.90 for lump quality, per gross ton delivered at Lower Lake ports. Adjustments for variations in iron content shall be made upon the basis of unit value of \$0.12039.

(4) *Other special ores.* Such ores include off-grade and premium ores not specifically named in this paragraph (b). The maximum prices for each such ore shall be:

(i) The sum of:

(a) The seller's 1941 weighted average spot price for the ore or the price which was approved by the Office of Price Administration before the issuance of this regulation, plus

(b) The difference between the seller's 1941 weighted average spot price for standard ore and the maximum price established by this regulation for such standard ore.

(ii) If a maximum price cannot be determined under (i), the price established by the Office of Price Administration upon application by the seller. Such application may be made by letter addressed to the Metals Price Branch, Office of Price Administration, Washington, D. C., and shall contain a full description and analysis of the ore for which a maximum price is requested. The maximum price established by the Office of Price Administration pursuant to such application shall be in line with the maximum prices established by this regulation for other ores.

(c) *Ore sold for delivery other than at Lower Lake ports.* (1) When ore is sold for delivery at the mine, railroad weights shall govern and there shall be deducted from the maximum prices established by this regulation an amount equal to the total of:

(i) Upper Lake rail freight at the established rate for the mode of transportation customarily employed;

(ii) Lake freight to Lower Lake ports at the established rate for the mode of transportation customarily employed: *Provided*, That increases in such rates occurring in 1943 shall not be included unless actually paid;

(iii) A sum equal to the transportation tax computed on such Upper Lake rail and Lake freight; and

(iv) The sum of \$0.05 per gross ton.

(2) When ore is sold for delivery at Upper Lake ports, vessel bill of lading weights shall govern and there shall be deducted from the maximum prices established by this regulation an amount equal to the total of:

(i) Lake freight to Lower Lake ports at the established rate for the mode of transportation customarily employed: *Provided*, That increases in such rates occurring in 1943 shall not be included unless actually paid;

(ii) A sum equal to the transportation tax computed on such Lake freight; and

(iii) The sum of \$0.03 per gross ton: *Provided, however*, That in the case of lump ore, railroad weights minus 0.5% shall govern and an amount equal to the total of (i), (ii) and (iii) shall be deducted from the maximum prices established by this regulation.

(d) *Exchanges.* Exchanges of iron ore between producers, or between consumers, shall not be considered as sales under Revised Maximum Price Regulation No. 113. Producers making exchanges with consumers shall keep for a period of two years records showing: the names and addresses of the persons making the exchanges; the tonnages, names and classifications or grades; full analyses and guarantees (if any); the period within which the exchange is to be completed; the places and terms of delivery; and, if the exchange is on a basis of dollars value, the prices of the ores exchanged calculated to a Lower Lake Erie base.

(e) *Escalation clauses.* Provisions in contracts for the sale and delivery of iron ore which permit escalation or increases in prices shall be operative only to the extent that the prices so determined do not exceed the maximum prices established by this regulation.

SEC. 8. *Adjustments.*—(a) *Differentials for variations in iron content.* The differentials for adjusting prices for variations in iron content, natural, of standard ores shall be the established unit values determined by dividing the maximum Lake Erie price for the particular standard ore by 51.50. The following table sets forth the unit values for the respective standard ores:

	Maximum Lake Erie price per gross ton	Unit value
Mesabi non-Bessemer.....	\$5.05	0.09806
Mesabi Bessemer.....	5.20	.10067
Old range non-Bessemer.....	5.30	.10291
Old range Bessemer.....	5.45	.10583
High phosphorus.....	5.05	.09806

(1) When less than 51.50% and not less than 50.00% iron, deduct from the maximum Lake Erie price at the rate of one unit value for each unit or fraction thereof.

(2) When less than 50.00% and not less than 49.00% iron: from the price computed for 50.00% iron deduct at the rate of one and half times the unit value for the unit or fraction of a unit less than 50.00%.

(3) When less than 49.00% iron, deduct from the price computed for 49.00% iron at the rate of two times the unit value for each unit or fraction of a unit or iron less than 49.00%.

(4) When iron content exceeds 51.50%, add to the maximum Lake Erie price at the rate of one unit value for each unit or fraction of a unit of iron above 51.50%.

(b) *Premiums for low phosphorus content.* Bessemer ore is ore which contains not more than 0.045% phosphorus, dry. Premiums for phosphorus content less than 0.045% shall not exceed those set forth in the following standard phosphorus table:

Percent of phosphorus	Rate of progression	Phosphorus values

(c) *Other differentials*—(1) *Differentials for silica and phosphorus*. The differentials for silica and phosphorus (other than standard high phosphorus ores), which each seller allowed during the 1941 season shall be deducted from the maximum prices established in section 7 (a).

(d) *Premiums for less than cargo lots*. In the case of shipments in less than cargo lots, each seller may add to such prices the premiums which he had in effect during the 1941 season.

This amendment shall become effective June 24, 1946.

PART 1347—PAPER, PAPER PRODUCTS, RAW MATERIALS FOR PAPER AND PAPER PRODUCTS, PRINTING AND PUBLISHING

[RMPR 187, Amdt. 8 (§ 1347.401)]

CERTAIN PAPERBOARD PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 187 is amended in the following respects:

1. In section 1 (c) (1) a sentence is added at the end of subdivision (iii) to

¹ 8 F. R. 14, 395, 17367; ² 9 F. R. 1320, 2464, 4782; 10 F. R. 7851, 12446.

read as follows: "The provisions of this subdivision (iii) are not applicable where a manufacturer is computing his maximum price for corrugated fibre sheets, corrugated fibre boxes, solid fibre sheets, solid fibre boxes, pads, partitions and other corrugated and solid fibre paperboard products manufactured on the same converting equipment."

2. In section 1 (c) (3), a new subdivision (x) is added to read as follows:

(x) Notwithstanding the provisions of subdivisions (i) to (ix), inclusive, of this subparagraph (3), a manufacturer of corrugated fibre sheets, corrugated fibre boxes, solid fibre sheets, solid fibre boxes, pads, partitions and other corrugated and solid fibre paperboard products manufactured on the same converting equipment shall compute margin as defined in section 11 of RMPR 187 in the following manner:

(a) The manufacturer shall list separately all transactions in which the commodity was contracted to be sold during either March, 1946 or the first quarter of 1946, at his option, in order of the total square footage of each transaction, commencing with the transaction involving the largest square footage: *Provided, however*, That the listing shall not include any sales of commodities from a price list pursuant to Appendix A of this regulation. For the purposes of this subdivision a manufacturer shall determine what sales constitute separate transactions in accordance with the same practice he used in March 1946 or the first quarter of 1946 for computing margins on sales. For example, if he computed margin on each item in an invoice, each may be considered a separate transaction; or if he computed margin on several items invoiced as a unit, the sale of the unit is to be considered a separate transaction.

(b) After the transactions have been listed in the manner set forth in (a) above, the manufacturer shall list opposite the square footage of each transaction in separate columns, (1) the corresponding dollar-and-cent margin used, and (2) the cost of the raw materials used in estimating and the conversion charges applied, expressed in dollars and cents. If in the past margins have been computed on a percentage basis, the dollar value of the margins should be computed for each transaction for the purpose of this subdivision.

(c) After completing the listing in the manner prescribed in (a) and (b) above, the manufacturer shall separate the transactions into three categories of square footage by dividing the total square footage involved by three. Each of the resulting categories shall contain approximately the same square footage except that if the square footage in either of the two transactions at the dividing points in the list of transactions falls into two categories, it shall be permissible to include the total square footage of that transaction in the category in which a majority of its square footage falls.

(d) In each category of transactions the applicable margins and the costs of raw materials used in estimating and

conversion charges applied shall be totaled separately.

(e) To obtain the per cent of margin to be applied to all the transactions falling within the square footage classification of the particular category, the manufacturer shall divide the total dollar value of the margins used in that category by the total cost of the raw materials used in estimating and the conversion charges applied. Thereafter, the manufacturer may use a margin factor which does not exceed the appropriate percentage obtained by this method in computing the margin on all sales of the commodity which fall within each of the classifications as determined by the square footage involved in the transaction.

(f) If, after computing margins pursuant to subdivisions (a) to (e), inclusive, the manufacturer finds that the use of such margins will cause him to suffer substantial administrative hardship in their application to his transactions because of the unusual character of the quantitative distribution of the commodity among his customers or other unusual circumstances, he shall file with the Paper and Paper Products Branch, Office of Price Administration, Washington 25, D. C., an application for approval of a method of averaging margins which takes into consideration such unusual circumstances and is as nearly similar to the method set forth in subdivisions (a) to (e) as possible.

3. In section 6(b), a new subdivision (iii) is added to subparagraph (1) to read as follows:

(iii) Within 15 days from July 1, 1946, every manufacturer of corrugated fibre sheets, corrugated fibre boxes, solid fibre sheets, solid fibre boxes, pads, partitions and other corrugated and solid fibre paperboard products manufactured on the same converting equipment shall file with the Paper and Paper Products Branch, Office of Price Administration, Washington 25, D. C., his margins as calculated pursuant to section 1 (c) (3) (x) of this regulation and complete data with respect to the computation of the margins as well as the method used in determining a transaction to supplement his pricing formula already on file with the Office of Price Administration. The manufacturer may use such margins as soon as he files them, but until such margins have been approved by the Office of Price Administration, all prices charged which have been based on such margins shall be billed by the manufacturer subject to adjustment by him to conform with the margins established by the Office of Price Administration. Unless the Office of Price Administration or a duly authorized representative thereof shall, by letter order mailed to the applicant within 21 days from the filing of the margins approve, reject, adjust, amend, or extend the time within which to do any of the foregoing, such margins shall be deemed to have been approved subject to non-retroactive written rejection or adjustment at any later time by the Office of Price Administration.

4. In Appendix A a new paragraph (d) is added to read as follows:

(d) A manufacturer of corrugated fibre sheets, corrugated fibre boxes, solid fibre sheets, solid fibre boxes, pads, partitions and other corrugated and solid fibre paperboard products manufactured on the same converting equipment may add to a price established pursuant to paragraphs (a), (b) or (c) on or before June 30, 1946, an amount not in excess of 10% of such price.

5. In Appendix B (a) (1) the table of prices is amended to read as follows:

Style:	Per box
P. P.-----	\$0.12
Single-----	.13
30-2-----	.19
30-3-----	.20
30-4-----	.21

36-9-----	.30
42-4-----	.30
42-6-----	.32
42-9-----	.35
42-12-----	.46

This amendment shall become effective July 1, 1946.

NOTE: The reporting provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 25th day of June 1946.

PART 1351—FOOD AND FOOD PRODUCTS

[FPR 2, Amdt. 9 to Rev. Supp. 3]

BARLEY

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

The first two undesignated paragraphs of section 9 are amended to read as follows.

SEC. 9. *Maximum prices for sales by country shippers.* "Country shipper" is defined in section 5 (b) (7) as a person who purchases and receives the barley from a producer at any point, other than a terminal base point, in any quantity, before any movement by rail or barge, and delivers it to his customer at a point which is neither on the farm where grown, nor at roadside near such farm, and delivers it in any manner other than as a trucker-merchant or a retailer.

This section sets forth the maximum prices for the ordinary "country shipper" marketing transactions. If, however, your transaction is a sale and delivery of malting barley or pearling barley, you may add 1¼ cents per bushel to the maximum price which would otherwise apply under this section, but in that case you are subject to all the rules and restrictions set forth in section 2.7 of Food Products Regulation No. 2. This extra mark-up for malting barley and pearling bar-

ley is not subject to the limitation on mark-ups provided in section 12 of this supplement. To the prices determined under this section, you may be entitled to add various charges which you may incur, or allowances for special handling of the barley, under the rules provided in section 13. Subject to such additions, the maximum prices per bushel, bulk, for sales by a country shipper, are as follows:

This amendment shall become effective July 1, 1946.

of this supplement must be established in accordance with the applicable sections of this supplement.

ARTICLE II—PRICING PROVISIONS

SEC. 5. *Maximum prices for sales by distributors.* (a) The distributor's maximum prices for the sale of radios in the Territory of Hawaii, f. o. b. distributor's warehouse, are calculated as follows (for meaning "factory price to distributors" see sec. 3 (a) (5)):

(1) For sales to Group I dealers, multiply the sum of the factory price to distributors (exclusive of Federal Tax) plus the "landing costs" by the following multiplication factors, and then add to the result the Federal Tax deducted above:

- (i) For Class I by 1.20.
- (ii) For Class II by 1.23.
- (iii) For Class III by 1.27.

(2) For sales to Group II dealers, multiply the sum of the factory price to distributors (exclusive of Federal Tax) plus the "landing costs" by the following multiplication factors, and then add to the result the Federal Tax deducted above:

- (i) For Class I by 1.25.
- (ii) For Class II by 1.27.
- (iii) For Class III by 1.33.

(3) Where a maximum price at wholesale has been established under this supplement for a shipment of radios and where "landing costs" on a subsequent shipment do not vary more than 2% up or down, a new price need not be established. Where the "landing costs" vary more than 2% up or down, new prices must be established.

(4) If the distributor furnishes any delivery to the dealer, he may bill the dealer in a separate item on the invoice for such delivery charges not in excess of public (common or contract) carrier rates or rates established by any applicable price regulation.

SEC. 6. *Maximum prices for sales by dealers.* (a) Dealers' maximum prices for the sale of radios bought from a distributor must be furnished by the distributor and are calculated as follows:

(1) Add to the mainland Zone I retail ceiling price which is tagged on the radio the following amounts:

- (i) For Class I—Landing costs multiplied by 1.74.
- (ii) For Class II—Landing costs multiplied by 1.86.
- (iii) For Class III—Landing costs multiplied by 2.05.

(b) Dealers' maximum prices for the sale of radios bought from a manufacturer are calculated as follows:

(1) Add to the mainland Zone I retail ceiling price which is tagged on the radios the following amounts:

- (i) For Class I—Landing costs multiplied by 1.49.
- (ii) For Class II—Landing costs multiplied by 1.62.
- (iii) For Class III (a)—Landing costs multiplied by 1.70.
- (iv) For Class III (b)—Landing costs multiplied by 1.90.

(c) If a Zone II retail ceiling price only is tagged on the radio, limit the "landing costs" to subdivisions (iii), (iv) and (v) of section 3 (a) (7) to apply the above multiplication factors.

(d) The Territorial gross income tax may be added to the maximum retail price computed under (a), (b) and (c) above.

(e) To the maximum retail price computed under (a), (b), (c) and (d) above may be added any delivery charge appearing on the wholesaler's invoice and actually charged the retailer. Subject to the limitations contained in section 11 below, there may also be added any charge actually incurred by the retailer for delivery to a customer at a rate not in excess of the public (common or contract) carrier rate or rates established by any applicable price regulation.

SEC. 7. *Provisions of Article II of Territorial Consumer Goods Regulation No. 1, applicable to this supplement.* The following provisions of Territorial Consumer Goods Regulation No. 1 are applicable to this supplement:

(a) Maximum prices for commodities covered by an applicable supplement which cannot be priced because of the seller's inability to determine his maximum price under the applicable pricing provision contained in such supplement. (Section 2.2)

(b) Treatment of Federal and Territorial Taxes. (Section 2.7)

ARTICLE III—MISCELLANEOUS PROVISIONS

SEC. 8. *Sales invoices.* (a) Every distributor must furnish each purchaser of radios for resale with an invoice or similar written evidence of purchase showing the following:

- (1) Name of seller and purchaser and date of sale.
- (2) Model number or other identification of each radio sold.

(3) Hawaiian distributor's maximum price (including Federal Excise Tax).

(4) Any delivery charges to retail establishment charged by the distributor not in excess of public (common or contract) carrier rates, as permitted under section 3 (a) (7) (v) above.

SEC. 9. *Certain practices forbidden.* It shall be a violation of this supplement to charge a price above the applicable maximum price in connection with any sale of a radio, either alone or in conjunction with any other consideration even though the price increase appears only indirectly.

The following is illustrative of the things a seller is not permitted to do. A seller is not permitted to require the purchaser, as a condition of the sale or transfer of a radio, to make payment over a period of time; to require him to finance the purchase through any particular lending agency; to require him to purchase any equipment, accessories, repairs, parts, or services so as to increase the total compensation above the radio's ceiling price; to require him to purchase any other commodity or service; or to require him to make payment in whole or in part by exchanging, transferring, or trading in any other radio, product or commodity. Where there is an exchange transfer or trade-in in connection with a sale, it is a violation for the seller to give the purchaser an allowance for the radio, product or commodity exchange, transferred, or traded in, which is less than its reasonable value.

SEC. 10. *Modification or provisions of this supplement.* The provisions of this supplement as applied to articles or persons subject thereto may be modified by orders of general applicability issued under this section.

SEC. 11. *Delivery charges.* (a) No charges for delivery by a dealer may be made for the following deliveries:

- (1) Within the city limits of Honolulu.
- (2) Within a radius of five miles of the seller's place of business on the Island of Oahu or any other island.

However, dealers are not required to make free delivery within the above free delivery zones if it was their practice, during April 1942, to make charges for delivery in these zones.

SEC. 12. *Tagging.* (a) No person may sell any radio covered by this supplement unless there is attached to the radio a tag or label containing the following:

- (1) Brand name of radio.
- (2) Model designation.
- (3) OPA retail ceiling price including any delivery charges permitted under this regulation.

The mainland preticketed price of the radio may be removed.

SEC. 13. *Provisions of Article III of Territorial Consumer Goods Regulation No. 1, applicable to this supplement.* The following provisions of Territorial Consumer Goods Regulation No. 1 are applicable to this supplement:

- (a) Compliance with applicable supplement. (Section 3.1)
- (b) Fractional prices for articles sold at retail. (Section 3.3)
- (c) Records which must be kept. (Section 3.4)
- (d) Sales slips and receipts. (Section 3.5)
- (e) Transfers of business or stock in trade. (Section 3.6)
- (f) Adjustable pricing. (Section 3.7)
- (g) Petitions for amendment. (Section 3.8)
- (h) Applications for adjustment. (Section 3.9)

This amendment shall become effective as of May 20, 1946.

Issued this 25th day of June 1946.

Administrator.

FEDERAL TRADE COMMISSION.

[Docket No. 5446]

JACQUES KREISLER MFG. CORP.

NOTICE OF HEARING

In the matter of Jacques Kreiser Manufacturing Corporation, a corporation, Jacques Kreiser, President, and Tobias Stern, Secretary and Treasurer, of Jacques Kreiser Manufacturing Corporation.

Complaint. The Federal Trade Commission, having reason to believe that the parties respondent named in the caption hereof, and hereinafter more particularly designated and described, since June 19, 1936 have violated and are now violating the provisions of subsection (a), section 2 of the Clayton Act, as amended by the Robinson-Patman Act, approved June 19, 1936 (U.S.C. Title 15, Sec. 13), hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent, Jacques Kreiser Manufacturing Corporation, is a corporation organized and existing under the laws of the State of New Jersey with principal office and place of business located at 9015 Bergenline Avenue, North Bergen, New Jersey.

PAR. 2. Respondent, Jacques Kreiser, is the president, and respondent, Tobias Stern, is the secretary and treasurer of the respondent, Jacques Kreiser Manufacturing Corporation.

PAR. 3. Respondents are now, and have been since prior to June 19, 1936, engaged in the business of manufacturing jewelry products which they distribute and sell to retail jewelers located throughout the various states of the United States other than the State of New Jersey, causing said jewelry products, when sold, to be transported from the place of manufacture within said State of New Jersey to the purchasers thereof located in states other than the State of New Jersey. There is, and has been at all times herein

mentioned, a continuous current of trade and commerce in said jewelry products across state lines between respondents' factory and the purchasers of such products. Said jewelry products are distributed and sold for use, consumption and resale within the various states of the United States and the District of Columbia.

PAR. 4. Respondents, in the course and conduct of their business since June 19, 1936, have been and are now in substantial competition with other corporations, individuals, partnerships and firms engaged in the business of manufacturing, distributing, and selling jewelry products in commerce between and among the various states of the United States and the District of Columbia. Respondents' sales of jewelry products in 1945 amounted to approximately \$2,500,000.

PAR. 5. In the course and conduct of their business, as aforesaid, since June 19, 1936, respondents have been, and are now, discriminating in price between different purchasers of their jewelry products of like grade and quality, which products are sold by respondents for use, consumption and resale within the various states of the United States, in that respondents have been, and are now, selling such products to some of their purchasers at lower prices than the prices given or allowed by respondents to other purchasers competitively engaged with the favored customers.

Respondents' discriminations in prices have included the granting and allowing certain purchasers larger discounts from list prices in the form of cash or credit invoices than those given or allowed by respondents to other purchasers. The extent of said discriminations in prices varies from differentials of 2½% to 25% from the list prices.

PAR. 6. Respondents, in early 1939, initiated and made effective their so-called "Kreiser Retro-Active Quantity Discount Plan". Under said Plan, customers of respondents were given and allowed a retroactive quantity discount based upon their total purchases of jewelry products during the calendar year as follows:

	Percent
\$500 -----	2½
\$750 -----	5
\$1,000 -----	7½
\$1,500 -----	10
\$2,500 -----	12½
\$3,500 -----	15
\$5,500 -----	17½
\$7,500 -----	20
\$11,250 -----	22½
\$15,000 or over -----	25

Many of respondents' customers do not qualify to earn any retroactive quantity discounts; other customers qualify to earn a retroactive quantity discount from 2½% to 25%. Whether a customer qualifies to earn such a discount or not, respondents' methods in soliciting and receiving orders from all customers is the same. Respondents' salesmen customarily call on the customers at their respective and geographically separated places of business throughout the country and solicit and receive orders; such orders are transmitted to respondents who invoice and ship the merchandise

to the purchasers at their respective places of business.

Many of respondents' customers are members of or affiliated with so-called chain organizations or other group buying organizations; even though such customers are separate, distinct and independent legal and business entities, doing business with respondents as aforesaid, respondents treat all the purchasers who are members of or affiliated with each such chain or group buying organization collectively, as constituting the purchases of a single customer, and grant to each of said customers the retroactive quantity discount which respondents have determined are applicable to a single purchaser who purchases the amount purchased by all collective members of each of the respective chain or group buying organization.

Respondents, on all purchases of solid gold jewelry, limit the customer to a maximum cumulative discount of 10% even though the total purchases of such products would place the customer in a higher discount bracket. However, the customer's purchases of solid gold jewelry are figured into the customer's total annual purchases of all jewelry products and thus the customer will receive a higher cumulative discount on the non-solid gold products.

Respondents, under their said retroactive discount plan, pay said discounts at the end of a calendar year in the form of a check or a letter of credit. One half of the discount earned is paid by the respondents, the other half is borne by the salesman covering the territory in which the customer is located. In 1945 approximately \$141,510.82 was paid out under the said retroactive discount plan. Respondents made a special exception in connection with the purchases of three large retail customers by allowing the discount to be deducted from each purchase, viz., Kay Jewelry Stores, Washington, D. C. was allowed to deduct a discount of 25% from each invoice; Busch Credit Jewelers, Pittsburgh, Pa. and Finlay Strauss Stores, New York, N. Y., were allowed respectively to deduct a discount of 20% from each invoice. Under this special arrangement an adjustment would be made at the end of the calendar year if the said customers were entitled to a greater or a lesser discount. In the year 1945: Kay Jewelry Stores and Finlay Strauss Stores earned the discounts so deducted; Busch Credit Jewelers earned a discount of 25% and an adjustment was so made.

The following are representative of respondents' customers who received a retroactive discount for 1944, the percent of discount allowed and the actual amount of discount paid:

Name, City and State, Percent and Discount	
Lewis Jewelry Co., Cleveland, Ohio, 15 -----	\$588.68
Checel Jewelry Co., Cleveland, Ohio, 7½ -----	107.49
Associated Barr Stores, Philadelphia, Pa., 17½ -----	1,071.78
J. E. Caldwell Co., Philadelphia, Pa., 2½ -----	13.20
R. Harris & Co., Washington, D. C., 10 -----	494.59
Benson Jewelry Co., Washington, D. C., 5 -----	40.90

Name, City and State, Percent and Discount—Continued

Roberts Credit Jewelers, Inc., Baltimore, Md., 15 -----	\$620.09
Reliable Store Corp., Baltimore, Md., 20 -----	1,690.45
George Gerber Co., Providence, R. I., 15 -----	699.92
Baird-North, Inc., Providence, R. I., 7½ -----	77.24
Markson Bros., Boston, Mass., 15 -----	807.20
Homer's, Inc., Boston, Mass., 7½ -----	83.48
B. Spector & Bros., Inc., New Haven, Conn., 17½ -----	1,010.55
Sykes & Libby, New Haven, Conn., 5 -----	44.90
Moses Dyckman, New York, N. Y., 22½ -----	1,542.13
Home Jewelry Co., New York, N. Y., 10 -----	167.94

PAR. 7. The effect of the discriminations in prices as hereinabove set forth may be substantially to lessen competition in the sale and distribution of jewelry products in the respective lines of commerce in which respondents and their customers are engaged, and has been, and may be, to injure, destroy or prevent competition in the sale and distribution of said products with the respondents and with their customers who receive the benefits of such discriminatory prices.

Such discriminatory prices by the respondents between different purchasers of jewelry products of like grade and quality in interstate commerce in the manner and form aforesaid are in violation of the provisions of subsection (a) of section 2 of the Clayton Act described in the preamble hereof.

Wherefore, the premises considered, the Federal Trade Commission on this 17th day of June A. D. 1946, issued its complaint against said respondent.

Notice. Notice is hereby given you, Jacques Kreiser Manufacturing Corporation, a corporation, Jacques Kreiser, President, and Tobias Stern, Secretary and Treasurer, of Jacques Kreiser Manufacturing Corporation, respondents herein, that the 26th day of July, A. D. 1946, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The rules of practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provides as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which con-

stitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 17th day of June, A. D. 1946.

OFFICE OF PRICE ADMINISTRATION.

[Rev. SO 119, Order 265]

STIMPSON COMPUTING SCALE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Stimpson Computing Scale Company, Logan and Breckinridge Streets, Louisville 4, Ky., may compute its adjusted ceiling prices for the meat choppers, mail scales and counter computing scales which it manufactures, as follows:

(1) For mail scale in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 15.0%.

(2) For meat choppers and counter computing scales in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 15.2%.

(3) For a meat chopper, mail scale or counter computing scale not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular scale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(4) For a meat chopper, mail scale or counter computing scale which is first

offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(5) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

The adjustment charge determined in accordance with this order must be separately stated by the manufacturer on each invoice to a purchaser for resale.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjusted charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he had paid to his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage markup which he has on the "most comparable article" for which he has properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under Section 1499.3 (c)

The provisions of Supplementary Order No. 153 shall not apply to resale prices determined under this order.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's terms, allowances and other price differentials in effect during March 1942, or which have been properly established under the applicable OPA regulation.

[Rev. SO 119, 2d Rev. Order 51]

DURHAM MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Revised Order No. 51 under Revised Supplementary Order No. 119 is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Durham Manufacturing Company, Muncie, Ind., may compute its adjusted ceiling prices for all articles of metal household furniture which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 4.3 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this revised order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this revised order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this revised order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this revised order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this revised order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580, and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590, shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 8 under § 1499.159e of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 8 under § 1499.159e of Maximum Price Regulation No. 188.

If his supplier's invoice does not state an "unadjusted maximum price" the reseller shall calculate his ceiling price, by adding to his invoice cost the same percentage mark-up which he had on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iii) Both it and the article being priced were purchased from the same class of supplier.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this revised order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this revised order.

(c) *Terms of sale.* Ceiling prices adjusted by this revised order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale, on and after the effective date of this revised order showing prices adjusted in accordance with this revised order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this revised order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this revised order are hereby denied.

(f) This revised order may be revoked or amended by the Price Administrator at any time.

(g) This revised order shall become effective June 24, 1946.

Issued this 24th day of June 1946.

Administrator.
